

Part B – SPP /APR (2)

Part B State Performance Plan (SPP) and Annual Performance Report (APR)

Part B Indicator Measurement Table¹

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
Monitoring Priority: FAPE in the LRE		
1. Percent of youth with IEPs graduating from high school with a regular diploma. (20 U.S.C. 1416 (a)(3)(A))	Data Source: Same data as used for reporting under Title I of the Elementary and Secondary Education Act (ESEA). Measurement: States must report using the graduation rate calculation and timeline established by the Department under the ESEA.	<i>Sampling is not allowed.</i> Describe the results of the calculations and compare the results to the target. Provide the actual numbers used in the calculation. Provide a narrative that describes the conditions youth must meet in order to graduate with a regular diploma and, if different, the conditions that youth with IEPs must meet in order to graduate with a regular diploma. If there is a difference, explain why. Targets should be the same as the measurable annual objectives under Title I of the ESEA.
2. Percent of youth with IEPs dropping out of high school. (20 U.S.C. 1416 (a)(3)(A))	Data Source: State dropout data. Measurement: Explain calculation.	<i>If State uses 618 data sampling is not allowed.</i> Use State-level dropout data. Describe the results of the calculations and compare the results to the target. Provide the actual numbers used in the calculation. Provide a narrative that describes what counts as dropping out for all youth and, if different, what counts as dropping out for youth with IEPs. If there is a difference, explain why.

¹ Monitoring Priorities, indicators, and measurements included on the *Part B Indicator Measurement Table* are to be used to populate designated sections of the SPP and APR Templates. Populated templates can be found at <http://www.ed.gov/policy/speced/guid/idea/bapr/index.html>

Part B – SPP /APR (2)

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>3. Participation and performance of children with disabilities on statewide assessments:</p> <p>A. Percent of the districts with a disability subgroup that meets the State's minimum "n" size that meet the State's AYP targets for the disability subgroup.</p> <p>B. Participation rate for children with IEPs.</p> <p>C. Proficiency rate for children with IEPs against grade level, modified and alternate academic achievement standards.</p> <p>(20 U.S.C. 1416 (a)(3)(A))</p>	<p>Data Source:</p> <p>AYP data used for accountability reporting under Title I of the ESEA.</p> <p>Measurement:</p> <p>A. $\text{AYP percent} = \left[\frac{\text{\# of districts with a disability subgroup that meets the State's minimum "n" size that meet the State's AYP targets for the disability subgroup}}{\text{total \# of districts that have a disability subgroup that meets the State's minimum "n" size}} \right] \times 100$.</p> <p>B. $\text{Participation rate percent} = \left[\frac{\text{\# of students participating in the assessment}}{\text{total \# of students enrolled during the testing window, calculated separately for reading and math}} \right]$. The participation rate is based on all students, including both students enrolled for a full academic year and those not enrolled for a full academic year.</p> <p>C. $\text{Proficiency rate percent} = \left[\frac{\text{\# of students with disabilities enrolled for a full academic year scoring at or above proficient}}{\text{total \# of students enrolled for a full academic year, calculated separately for reading and math}} \right]$.</p>	<p>Describe the results of the calculations and compare the results to the targets. Provide the actual numbers used in the calculation.</p> <p>States are encouraged to present their APR information in summary tables and include multiple years of data for comparison purposes.</p> <p>Include information regarding where to find public reports of assessment results, i.e., link to the Web site where results are reported.</p> <p>Indicator 3.A: Report only on the AYP assessment targets for reading/language arts and mathematics proficiency, not targets for graduation or other elements of AYP. The definition of meeting the State's AYP targets for the disability sub-group is found in section 1111(b)(2)(C) of Title I of the ESEA.</p> <p>Indicator 3.B: Provide separate reading/language arts and mathematics participation rates, inclusive of all NCLB grades assessed (3-8 and high school), for children with IEPs. Account for ALL children with IEPs, in all grades assessed, including children not participating in assessments and those not enrolled for a full academic year.</p> <p>Indicator 3.C: Proficiency calculations in this APR must result in one proficiency rate for each content area across all NCLB assessments (combining regular and all alternates) for all children with IEPs enrolled for a full academic year. There should be two rates – one for reading/language arts covering all assessed grades and one for mathematics covering all assessed grades.</p>
<p>4. Rates of suspension and expulsion:</p> <p>A. Percent of districts identified by the State as having a significant discrepancy in the rates of suspensions and expulsions of children with IEPs for greater than 10 days in a</p>	<p>Data Source:</p> <p>Data collected on Table 5 of Information Collection 1820-0621 (Report of Children with Disabilities Unilaterally Removed or Suspended/Expelled for More than 10 Days). Discrepancy can be computed by either comparing the rates of suspensions and</p>	<p><i>Sampling from State's 618 data is not allowed.</i></p> <p>Describe the results of the State's examination of data, including data disaggregated by race and ethnicity to determine if significant discrepancies are occurring in the rates of long-term suspensions and expulsions of children with IEPs, as required at 20</p>

Part B – SPP /APR (2)

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>school year; and</p> <p>B. Percent of districts identified by the State as having a significant discrepancy in the rates of suspensions and expulsions of children with IEPs of greater than 10 days in a school year by race and ethnicity and that have policies, procedures or practices that contribute to the significant discrepancy and that do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.</p> <p>(20 U.S.C. 1416(a)(3)(A); 1412(a)(22))</p>	<p>expulsions for children with IEPs to rates for nondisabled children within the LEA or by comparing the rates of suspensions and expulsions for children with IEPs among LEAs within the State.</p> <p>Measurement:</p> <p>A. Percent = [(# of districts identified by the State as having significant discrepancies in the rates of suspensions and expulsions of children with IEPs for greater than 10 days in a school year) divided by the (# of districts in the State)] times 100.</p> <p>B. Percent = [(# of districts identified by the State as having a significant discrepancy in the rates of suspensions and expulsions of greater than 10 days in a school year of children with IEPs by race and ethnicity and that have policies, procedures or practices that contribute to the significant discrepancy and that do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards) divided by the (# of districts in the State)] times 100.</p> <p>Include State's definition of "significant discrepancy."</p>	<p>U.S.C. 1412(a)(22). The State's examination must include one of the following comparisons:</p> <p>The rates of suspensions and expulsions for children with IEPs among LEAs within the State; or</p> <p>The rates of suspensions and expulsions for children with IEPs to nondisabled children within the LEAs.</p> <p>In the description, specify which method the State used to determine possible discrepancies and explain what constitutes those discrepancies. Provide the actual numbers used in the calculation.</p> <p>For 4A, if discrepancies occurred, describe how the State educational agency reviewed and, if appropriate, revised (or required the affected local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with applicable requirements.</p> <p>For 4B, if discrepancies occurred and the district with discrepancies had policies, procedures or practices that contributed to the significant discrepancy and that did not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, describe how the State ensured that such policies, procedures, and practices were revised to comply with applicable requirements.</p> <p>Targets must be 0% for 4B.</p> <p>Section B of this indicator is new for FFY 2009. Baseline, targets and improvement activities to be provided with the FFY 2009 APR due February 1, 2011.</p>

Part B – SPP /APR (2)

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>5. Percent of children with IEPs aged 6 through 21 served:</p> <p>A. Inside the regular class 80% or more of the day;</p> <p>B. Inside the regular class less than 40% of the day; and</p> <p>C. In separate schools, residential facilities, or homebound/hospital placements.</p> <p>(20 U.S.C. 1416(a)(3)(A))</p>	<p>Data Source:</p> <p>Data collected on Table 3 of Information Collection 1820-0517 (Part B, Individuals with Disabilities Education Act Implementation of FAPE Requirements).</p> <p>Measurement:</p> <p>A. Percent = [(# of children with IEPs served inside the regular class 80% or more of the day) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p> <p>B. Percent = [(# of children with IEPs served inside the regular class less than 40% of the day) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p> <p>C. Percent = [(# of children with IEPs served in separate schools, residential facilities, or homebound/hospital placements) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p>	<p><i>For this indicator, report 618 data that were collected on a date between October 1 and December 1, 2008 and due on February 2, 2009. Sampling from State's 618 data is not allowed.</i></p> <p>Describe the results of the calculations and compare the results to the target.</p> <p>If the data reported in this indicator are not the same as the State's 618 data reported in Table 3, explain.</p>
<p>6. Percent of children aged 3 through 5 with IEPs attending a separate special education class, separate school or residential facility.</p> <p>(20 U.S.C. 1416(a)(3)(A))</p>	<p>Data Source:</p> <p>Data collected on Table 3 of Information Collection 1820-0517 (Part B, Individuals with Disabilities Education Act Implementation of FAPE Requirements).</p> <p>Measurement:</p> <p>Percent = [(# of children aged 3 through 5 with IEPs attending a separate special education class, separate school or residential facility) divided by the (total # of children aged 3 through 5 with IEPs)] times 100.</p>	<p><i>For this indicator, report 618 data that were collected on a date between October 1 and December 1, 2008 and due on February 2, 2009. Sampling from State's 618 data is not allowed.</i></p> <p>If the data reported in this indicator are not the same as the State's 618 data reported in Table 3, explain.</p> <p>In the FFY 2008 submission, due February 1, 2010, establish a new baseline, targets and, as needed, improvement activities for this indicator using the 2008-2009 data.</p>
<p>7. Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved:</p>	<p>Data Source:</p> <p>State selected data source.</p>	<p><i>Sampling of children for assessment is allowed. When sampling is used, submit a description of the sampling methodology outlining how the design will yield valid and reliable estimates. (See <u>General</u></i></p>
